## **Video Homeschool through SBA**

At SBA, we understand that each family is unique, and their needs are different. We are happy to offer a homeschool option for families that would like assistance in homeschooling their children.

We provide everything needed for a successful year learning at home.

Each family must pay the Application fee, Registration, Book fee, and Monthly Tuition. The teacher keys and video manuals will be on loan for the school year. The Tuition fee also covers the cost of all video lessons, record keeping, progress reports, quarterly reports, and the option of standardized testing as well. Standardized testing is optional for homeschoolers. The fee is \$60 plus shipping if applicable.

Students using the PEP scholarship may order their student books and curriculum through our school. The fees listed can be for an entire year for core subjects, or purchased as individual subjects. Please contact us if you have questions. [office@sbatampa.org](mailto:office@sbatampa.org)
